**TRADE NOTICE**

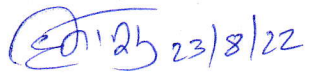

**Sub:** Closing of doors of the empty containers – Reg.

\*\*\*\*\*

The C&F Agents and Transporters are requested to ensure that the doors of empty containers remain closed during the movement of the Container Trailer. However, to facilitate the inspection of the empty containers by the CISF it is advised to open the doors of the empty containers just before approaching the Harbour Gates and subsequently close the container doors immediately after inspection is done.

This measure is to avoid accidents due to open doors of containers while in transit also to comply the ISO observations.

For strict compliance.
