ii) INSTRUCTIONS TO TENDERERS

1. Instructions for E-Tendering

1. Special instructions to the bidders for the e-submission of the bids online through this e-procurement portal

This is an e-procurement event of NMPA. The e-procurement service provider is <https://www.eprocure.gov.in/eprocure/app> of CPP portal. You are requested to read the terms & conditions of this tender before submitting your online tender. Tenderers who do not comply with the conditions with documentary proof (wherever required) will not qualify in the Tender.

1. Bidder should do Online Enrolment in the Portal using the option Click Here to Enroll available in the Home Page. Then the Digital Signature enrollment has to be done with the e-token, after logging into the portal.
2. Bidder then logs into the portal giving user id / password chosen during enrollment.
3. The e-token that is registered should be used by the bidder and should not be misused by others.
4. DSC once mapped to an account cannot be remapped to any other account. It can only be inactivated.
5. The Bidders can update well in advance, the documents such as certificates, purchase order details etc., under My Documents option and these can be selected as per tender requirements and then attached along with bid documents during bid submission. This will ensure lesser upload of bid documents.
6. After downloading / getting the tender schedules, the Bidder should go through them carefully and then submit the documents as per the tender document; otherwise, the bid will be rejected.
7. The BOQ template must not be modified/replaced by the bidder and the same should be uploaded after filling the relevant columns, else the bidder is liable to be rejected for that tender. Bidders are allowed to enter the Bidder Name and Values only.
8. If there are any clarifications, this may be obtained online through the e-Procurement Portal, or through the contact details given in the tender document. Bidder should

take into account of the corrigendum published before submitting the bids online on the portal or on www.newmangaloreport.gov.in Bidder, in advance, should prepare the bid documents to be submitted as indicated in the tender schedule and they should be in PDF formats.

9. Bidder should arrange for the EMD and tender fee as specified in the tender. The original should be posted/couriered/given in person to the Tender Inviting Authority, within the specified date and time.
10. The bidder should read the terms and conditions and accepts the same to proceed further to submit the bids.
11. The bidder has to submit the tender document(s) online well in advance before the prescribed time to avoid any delay or problem during the bid submission process.
12. There is no limit on the size of the file uploaded at the server end. However, the upload is decided on the Memory available at the Client System as well as the Network bandwidth available at the client side at that point of time. In order to reduce the file size, bidders are suggested to scan the documents in 75-100 DPI so that the clarity is maintained and the size of file gets reduced. This will help in quick uploading even at very low bandwidth speeds.
13. It is important to note that, the bidder has to click on the Freeze Bid Button, to ensure that, he/she completes the Bid Submission Process. Bids, which are not frozen, are considered as Incomplete/Invalid bids and are not considered for evaluation purposes.
14. The Tender Inviting Authority (TIA) will not be held responsible for any sort of delay or the difficulties faced during the submission of bids online by the bidders due to local issues.
15. The bidder may submit the bid documents online mode only, through this portal. Offline documents will not be handled through this system.
16. At the time of freezing the bid, the e-Procurement system will give a successful bid updating message after uploading all the bid documents submitted and then a bid summary will be shown with the bid no., date & time of submission of the bid with all other relevant details. The documents submitted by the bidders will be digitally signed using the e-token of the bidder and then submitted.
17. After the bid submission, the bid summary has to be printed and kept as an acknowledgement as a token of the submission of the bid. The bid summary will act

as a proof of bid submission for a tender floated and will also act as an entry point to participate in the bid opening event.

18. Successful bid submission from the system means, the bids as uploaded by the bidder is received and stored in the system. System does not certify for its correctness.
19. The bidder should see that the bid documents submitted should be free from virus and if the documents could not be opened, due to virus, during tender opening, the bid is liable to be rejected.
20. The time that is displayed from the server clock at the top of the tender Portal, will be valid for all actions of requesting bid submission, bid opening etc., in the e-Procurement portal. The Time followed in this portal is as per Indian Standard Time (IST) which is GMT+5:30. The bidders should adhere to this time during bid submission.
21. The bidders are requested to submit the bids through online e-Procurement system to the Tender Inviting Authority (TIA) well before the bid submission end date and time (as per Server System Clock).
22. Tender form Fee and EMD shall be submitted with the Part I- Technical BID. BID submitted without fees, as mentioned above will not be considered for evaluation and shall be rejected summarily.
23. The bidder/tenderer/contractor shall file the applicable returns with Tax departments in time and submit the same as documentary proof.

29. Alteration of tender documents:

No alteration shall be made in any of the tender documents or in the Bill of Quantities and the tender shall comply strictly with the terms and conditions of the tender document. The Employer may however ask any tenderer for clarifications of his tender if required. Nevertheless, no tenderer will be permitted to alter his tender price after opening of the tender.

30. Alternative conditions and Proposal:

The Tenderer shall note that alternative or qualifying tender conditions, or alternative design proposal for whole or part of the work will not be acceptable. Tenders containing any qualifying conditions or even Bidder's clarifications in any form will be treated as non-responsive and will run the risk of rejection.

31. Award of Contract:

The Employer will award the Contract to the bidder whose bid has been determined to be responsive to the bidding documents and who has offered the lowest evaluated bid price, provided that such bidder has been determined to be

- a) Eligible in accordance with the provisions of Clause 12, and
- b) Qualified in accordance with the provisions of Clause 12.

32. Notification of Award:

1. The Bidder whose Bid has been accepted will be notified about the award by the Employer prior to expiration of the Bid validity period by, fax or e-mail and confirmed by registered letter. This letter (hereinafter and in the Conditions of Contract called the "Letter of Acceptance") will state the sum that the Employer will pay the Contractor in consideration of the execution, completion and maintenance of the works by the Contractor as prescribed by the Contract (hereinafter and in the Contract called the "Contract Price").
2. The notification of award will constitute the formation of the Contract subject only to the furnishing of a performance security in accordance with the provisions of Clause 34.
3. The Agreement will also incorporate all correspondence exchanged between the employer and the successful bidder. Within 28 days of receipt of Letter of Acceptance, the successful bidder will furnish the performance security and sign the Agreement with the Employer. The contractor shall make 20 copies of the Agreement and submit to the employer within 7 days following the date of signing of Agreement. No work shall be commenced before signing of contract.

33. Release of Bid Security / EMD:

The Earnest Money Deposit of unsuccessful bidder shall be returned (in case of BG) or refunded without interest as early as possible by RTGS/NEFT on conclusion of Contract. The Earnest Money Deposit of the successful bidder shall be refunded (without interest) after he has signed the agreement and furnished required performance security.

34. Performance Security:

1. Within 21 days of receipt of the Letter of Acceptance, the successful Bidder shall deliver to the Employer a Performance Security paid by RTGS or in the form of Bank Guarantee for an amount equivalent to 10% of the Contract price (Contract price including GST), as applicable rounded off to the nearest 1000.
2. If the performance security is provided by the successful Bidder in the form of a Bank Guarantee, it shall be issued by a Nationalized /Scheduled Indian bank payable at Mangalore branch and acceptable by NMPA and encashable at Mangalore, and having a net worth of at least Rs. 1000 crores (Rupees thousand crores). The BG shall be issued in favor of New Mangalore Port Authority in the Format enclosed in Volume I as **Annexure-B**. The fact of encashment at Mangalore shall also be included in the BG.
3. The Contractors are shall furnish the BG by the issuing bank directly to the Port through SFMS mode with ICICI Bank IFSC Code ICIC0000014. This will not bear any interest. Bank Guarantee, obtained from the Nationalized bank / Scheduled bank in the format prescribed shall be in compliance with for a digital confirmation for the Bank guarantee and the BG not complying with this shall not be considered

35. Fraud and Corrupt Practices:

The bidder and their respective officers, employees, agents and advisers shall observe the highest standard of ethics during the Selection Process. Notwithstanding anything to the contrary contained in this document, the Port shall reject the tender without being liable in any manner whatsoever to the bidder, if it determines that the bidder has, directly or indirectly or through an agent, engaged in corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice (collectively the "Prohibited Practices") in the Selection Process. In such an event, the Port shall, without prejudice to its any other rights or remedies, forfeit and appropriate the Bid Security or Performance Security, as the case may be, as mutually agreed genuine pre-estimated compensation and damages payable to the Port for, inter alia, time, cost and effort of the Authority, in regard to the Tender, including consideration and evaluation of such Bidder's Proposal. Such Bidder shall not be eligible to participate in any tender or RFP issued by the Authority during a period of 2 (two) years from

the date such Bidder is found by the Authority to have directly or through an agent, engaged or indulged in any corrupt practice, fraudulent practice, coercive practice, undesirable practice or restrictive practice, as the case may be.

For the purposes of this Clause, the following terms shall have the meaning hereinafter respectively assigned to them:

- a) “corrupt practice” means
 - i. the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence the action of any person connected with the Selection Process (for avoidance of doubt, offering of employment to or employing or engaging in any manner whatsoever, directly or indirectly, any official of the Authority who is or has been associated in any manner, directly or indirectly with the Selection Process or the LOA or has dealt with matters concerning the Agreement or arising there from, before or after the execution thereof, at any time prior to the expiry of one year from the date such official resigns or retires from or otherwise ceases to be in the service of the Authority, shall be deemed to constitute influencing the actions of a person connected with the Selection Process; or
 - ii. engaging in any manner whatsoever, whether during the Selection Process or after the issue of the LOA or after the execution of the Agreement, as the case may be, any person in respect of any matter relating to the Project or the LOA or the Agreement, who at any time has been or is a legal, financial or technical consultant/ adviser of the Authority in relation to any matter concerning the Project;
- b) “fraudulent practice” means a misrepresentation or omission of facts or disclosure of incomplete facts, in order to influence the Selection Process;

TO SPECIAL CONDITIONS OF CONTRACT
PRE CONTRACT INTEGRITY PACT AGREEMENT

General

This pre-bid pre-contract Agreement (hereinafter called the Integrity Pact) is made on _____ day of the month of _____ 20__, between, on one hand, the BOARD MEMBERS OF of New Mangalore Port Authority acting through _____, Chief Engineer (Civil), (Name & Designation of the Officer) New Mangalore Port Authority (hereinafter called the 'BUYER/EMPLOYER', which expression shall mean and include, unless the context otherwise requires, his successors in office and assigns) of the First Part and M/s _____ represented by Shri _____, Chief Executive Officer (hereinafter called the 'BIDDER' which expression shall mean and include, unless the context otherwise requires, his successors and permitted assigns) of the Second Part.

WHEREAS the 'BUYER/EMPLOYER' has invited bids for Maintenance Dredging during Monsoon at New Mangalore Port for the year 2025-26; Re-tender and the BIDDER is submitting his bid for the same and

WHEREAS the BIDDER is a Private company / Public company / Government undertaking / registered partnership firm, constituted in accordance with the relevant law in the matter and the 'BUYER/EMPLOYER' is New Mangalore Port Authority.

NOW, THEREFORE,

To avoid all forms of corruption by following a system that is fair, transparent and free from any influence/prejudiced dealings prior to, during and subsequent to the currency of the contract to be entered into with a view to:-

Enabling the 'BUYER/EMPLOYER' to obtain the desired said stores/equipment/services/works at a competitive price in conformity with the defined specifications by avoiding the high cost and the distortionary impact of corruption on public procurement, and

Enabling BIDDERS to abstain from bribing or indulging in any corrupt practice in order to secure the contract by providing assurance to them that their competitors will also abstain from bribing and other corrupt practices and the 'BUYER/EMPLOYER' will commit to prevent corruption, in any form, by its officials by following transparent procedures.

The parties hereto hereby agree to enter into this Integrity Pact and agree as follows:

Commitments of the 'BUYER/ EMPLOYER'

1.1 The 'BUYER/EMPLOYER' undertakes that no official of the 'BUYER/EMPLOYER',

connected directly or indirectly with the contract, will demand, take a promise for or accept, directly or through intermediaries, any bribe, consideration, gift, reward, favour or any material or immaterial benefit or any other advantage from the BIDDER, either for themselves or for any person, organisation or third party related to the contract in exchange for an advantage in the bidding process, bid evaluation, contracting or implementation process related to the contract.

1.2 The 'BUYER/EMPLOYER' will, during the pre-contract stage, treat all BIDDERS alike and will provide to all BIDDERS the same information and will not provide any such information to any particular BIDDER which could afford an advantage to that particular BIDDER in comparison to other BIDDERS.

1.3 All the officials of the 'BUYER/EMPLOYER' will report to the appropriate Government office any attempted or completed breaches of the above commitments as well as any substantial suspicion of such a breach.

2. In case any such preceding misconduct on the part of such official(s) is reported by the BIDDER to the 'BUYER/ EMPLOYER' with full and verifiable facts and the same is prima facie found to be correct by the 'BUYER/EMPLOYER' necessary disciplinary proceedings, or any other action as deemed fit, including criminal proceedings may be initiated by the 'BUYER/ EMPLOYER' and such a person shall be debarred from further dealings related-to the contract process. In such a case while an enquiry is being conducted by the 'BUYER/ EMPLOYER' the proceedings under the contract would not be stalled.

Commitments of BIDDERS

3. The BIDDER commits itself to take all measures necessary to prevent corrupt practices, unfair means and illegal activities during any stage of its bid or during any pre-contract or post-contract stage in order to secure the contract or in furtherance to secure it and in particular commit itself to the following.:-

3.1. The BIDDER will not offer, directly or through intermediaries, any bribe, gift, consideration, reward, favour, any material or immaterial benefit or other advantage, commission, fees, brokerage or inducement to any official of the 'BUYER/EMPLOYER' connected directly or indirectly with the bidding process, or to any person, organisation or third party related to the contract in exchange for any advantage in the bidding, evaluation, contracting and implementation of the contract.

3.2. The BIDDER further undertakes that it has not given, offered or promised to give, directly or indirectly any bribe, gift, consideration, reward, favour, any material or immaterial benefit or other advantage, commission, fees, brokerage or inducement to any official of

the 'BUYER/EMPLOYER' or otherwise in procuring the Contract or forbearing to do or having done any act in relation to the obtaining or execution of the contract or any other contract with the Government for showing or forbearing to show favour or disfavour to any person in relation to the contract or any other contract with the Government.

- 3.3. BIDDERS shall disclose the name and address of agents and representatives and Indian BIDDERS shall disclose their foreign principals or associates.
- 3.4. BIDDERS shall disclose the payments to be made by them to agents/brokers or any other intermediary, in connection with this bid/contract.
- 3.5. The BIDDER further confirms and declares to the 'BUYER/EMPLOYER' that the BIDDER has not engaged any individual or firm or company whether Indian or foreign to intercede, facilitate or in any way to recommend to the 'BUYER/EMPLOYER' or any of its functionaries, whether officially or unofficially to the award of the contract to the BIDDER, nor has any amount been paid, promised or intended to be paid to any such individual, firm or company in respect of any such intercession, facilitation or recommendation.
- 3.6. The BIDDER, either while presenting the bid or during pre-contract negotiations or before signing the contract, shall disclose any payments he has made, is committed to or intends to make to officials of the 'BUYER/ EMPLOYER' or their family members, agents, brokers or any other intermediaries in connection with the contract and the details of services agreed upon for such payments.
- 3.7. The BIDDER will not collude with other parties interested in the contract to impair the transparency, fairness and progress of the bidding process, bid evaluation, contracting and implementation of the contract.
- 3.8. The BIDDER will not accept any advantage in exchange for any corrupt practice, unfair means and illegal activities.
- 3.9. The BIDDER shall not use improperly, for purposes of competition or personal gain, or pass on to others, any information provided by the 'BUYER/ EMPLOYER' as part of the business relationship, regarding plans, technical proposals and business details, including information contained in any electronic data carrier. The BIDDER also undertakes to exercise due and adequate care lest any such information is divulged.
- 3.10. The BIDDER commits to refrain from giving any complaint directly or through any other manner without supporting it with full and verifiable facts.
- 3.11. The BIDDER shall not instigate or cause to instigate any third person to commit any of the actions mentioned above.
- 3.12. If the BIDDER or any employee of the BIDDER or any person acting on behalf of the

BIDDER, either directly or indirectly, is a relative of any of the officers of the 'BUYER/EMPLOYER' or alternatively, if any relative of an officer of the 'BUYER/EMPLOYER' has financial interest/stake in the BIDDER's firm, the same shall be disclosed by the BIDDER at the time of filing of tender.

The term 'relative' for this purpose would be as defined in Section 6 of the Companies Act 1956.

3.13. The BIDDER shall not lend to or borrow any money from or enter into any monetary dealings or transactions, directly or indirectly, with any employee of the 'BUYER/EMPLOYER'.

3.14. The bidder signing IP shall not approach courts while representing the matters to IEMs and he / she / they will wait their decision in the matter.

4. Previous Transgression

4.1 The BIDDER declares that no previous transgression occurred in the last three years immediately before signing of this Integrity Pact, with any other company in any country in respect of any corrupt practices envisaged hereunder or with any Public Sector Enterprise in India or any Government Department in India that could justify bidder's exclusion from the tender process.

4.2 The BIDDER agrees that if it makes incorrect statement on this subject, BIDDER can be disqualified from the tender process or the contract, if already awarded, can be terminated for such reason.

5. Earnest Money (Security Deposit)

5.1 While submitting commercial bid, the BIDDER shall deposit an amount 1104900/- (Rupees Eleven Lakh Four Thousand Nine Hundred Only) as Earnest Money/Security Deposit, with the 'BUYER/ EMPLOYER' through any of the following instruments:

5.2 Paid by RTGS in favour of FA&CAO, NMPA

5.3 The EMD is exempted on submission of Bid Security Declaration in the prescribed format as per Annexure 13 of this tender document.

The benefit of Exemption of EMD to all Micro and small enterprises (MSE) will be allowed. Shall upload with their offer, the proof of their being MSE registered with district industries center (DIC) or Khadi and village industries commission or Khadi and Industries board (KVIB) or Coir board or National Small Industries Corporation (NSIC) or Directorate of handicrafts and handlooms or Udyam Registration Certificate or any other body specified by Ministry of MSME

5.4 The Earnest Money/Security Deposit shall be valid upto a period of 148 days or the

complete conclusion of the contractual obligations to the complete satisfaction of both the BIDDER and the 'BUYER/EMPLOYER', including warranty period, whichever is later.

5.5 In case of the successful BIDDER, a clause would also be incorporated in the Article pertaining to Performance Security in the Project Contract that the provisions of Sanctions for Violation shall be applicable for forfeiture of Performance Security in case of a decision by the 'BUYER/EMPLOYER' to forfeit the same without assigning any reason for imposing sanction for violation of this Pact.

5.6 No interest shall be payable by the 'BUYER/EMPLOYER' to the BIDDER on Earnest Money/Security Deposit for the period of its currency.

6. Sanctions for Violations

6.1 Any breach of the aforesaid provisions by the BIDDER or any one employed by it or acting on its behalf (whether with or without the knowledge of the BIDDER) shall entitle the 'BUYER/EMPLOYER' to take all or any one of the following actions, wherever required:-

- i) To immediately call off the pre contract negotiations without assigning any reason or giving any compensation to the BIDDER. However, the proceedings with the other BIDDER(s) would continue.
- ii) The Earnest Money Deposit (in pre-contract stage) and/or Security Deposit/Performance Bond (after the contract is signed) shall stand forfeited either fully or partially, as decided by the 'BUYER/EMPLOYER' and the 'BUYER/EMPLOYER' shall not be required to assign any reason therefore.
- iii) To immediately cancel the contract, if already signed, without giving any compensation to the BIDDER.
- iv) To recover all sums already paid by the 'BUYER/EMPLOYER', and in case of an Indian BIDDER with interest thereon at 2% higher than the prevailing Prime Lending Rate of State Bank of India, while in case of a BIDDER from a country other than India with interest thereon at 2% higher than the LIBOR. If any outstanding payment is due to the BIDDER from the 'BUYER/EMPLOYER' in connection with any other contract, such outstanding payment could also be utilized to recover the aforesaid sum and interest.
- v) To encash the advance bank guarantee and performance bond/warranty bond, if furnished by the BIDDER, in order to recover the payments, already made by the 'BUYER/EMPLOYER', alongwith interest.

- vi) To cancel all or any other Contracts with the BIDDER. The BIDDER shall, be liable to pay compensation for any loss or damage to the 'BUYER/EMPLOYER' resulting from such cancellation/rescission and the 'BUYER/EMPLOYER' shall be entitled to deduct the amount so payable from the money(s) due to the BIDDER.
- vii) To debar the BIDDER from participating in future bidding processes for a minimum period of five years, which may be further extended at the discretion of the 'BUYER/EMPLOYER'.
- viii) To recover all sums paid in violation of this Pact by BIDDER(s) to any middleman or agent or broker with a view to securing the contract.
- ix) In cases where irrevocable Letters of Credit have been received in respect of any contract signed by the 'BUYER/EMPLOYER' with the BIDDER, the same shall not be opened.
- x) Forfeiture of Performance Guarantee in case of a decision by the 'BUYER/EMPLOYER' to forfeit the same without assigning any reason for imposing sanction for violation of this Pact.

6.2 The 'BUYER/EMPLOYER' will be entitled to take all or any of the actions mentioned at para 6.1(i) to (x) of this Pact also on the Commission by the BIDDER or any one employed by it or acting on its behalf (whether with or without the knowledge of the BIDDER), of an offence as defined in Chapter IX of the Indian Penal code, 1860 or Prevention of Corruption Act, 1988 or any other statute enacted for prevention of corruption.

6.3 The decision of the 'BUYER/EMPLOYER' to the effect that a breach of the provisions of this Pact has been committed by the BIDDER shall be final and conclusive on the BIDDER. However, the BIDDER can approach the Independent Monitor(s) appointed for the purposes of this Pact.

7. Fall Clause

7.1 The BIDDER undertakes that it has not performed/is not performing similar project at a price lower than that offered in the present bid in respect of any other Ministry/Department of the Government of India or PSU and if it is found at any stage that similar project was performed by the BIDDER in any other Ministry/Department of the Government of India or a PSU at a lower price, then that very price, with due allowance for elapsed time, will be applicable to the present case and the difference in the cost would be refunded by the BIDDER to the 'BUYER/EMPLOYER', if the contract has already been concluded.

8. Independent Monitors

- 8.1 The 'BUYER/EMPLOYER' has appointed the following Independent Monitor (hereinafter referred to as Monitor) for this Pact in consultation with the Central Vigilance Commission
Name and Address of the Monitor:

Shri Prem Chand Pankaj, Ex CMD, NEEPCO,

M 402, Pioneer Park, Sector 61, Golf Course,

Extn., Road, Gurgaon

Mob No. 9717433886

E-mail ID : prempankaj@gmail.com

- 8.2 The task of the Monitor shall be to review independently and objectively, whether and to what extent the parties comply with the obligations under this Pact.
- 8.3 The Monitor shall not be subject to instructions by the representatives of the parties and perform his functions neutrally and independently.
- 8.4 Both the parties accept that the Monitor has the right to access all the documents relating to the project/bidding, including minutes of meetings.
- 8.5 As soon as the Monitor notices, or has reason to believe, a violation of this Pact, he will so inform the Authority designated by the 'BUYER/EMPLOYER'.
- 8.6 The BIDDER(s) accepts that the Monitor has the right to access without restriction to all Project documentation of the 'BUYER/EMPLOYER', including that provided by the BIDDER. The BIDDER will also grant the Monitor, upon his request and demonstration of a valid interest, unrestricted and unconditional access to his project documentation. The same is applicable to Subcontractors. The Monitor shall be under contractual obligation to treat the information and documents of the BIDDER/Subcontractor(s) with confidentiality.
- 8.7 The 'BUYER/EMPLOYER', will provide to the Monitor sufficient information about all meetings among the parties related to the Project provided such meetings could have an impact on the contractual relations between the parties. The parties will offer to the Monitor the option to participate in such meetings.
- 8.8 The Monitor will submit a written report to the designated Authority of 'BUYER/EMPLOYER' within 8 to 10 weeks from the date of reference or intimation to him by the BUYER / EMPLOYER / BIDDER and, should the occasion arise, submit proposals for correcting problematic situations.

9. Facilitation of Investigation

In case of any allegation of violation of any provisions of this pact or payment of commission,

the 'BUYER/EMPLOYER' or its agencies shall be entitled to examine all the documents including the Books of Accounts of the BIDDER and the BIDDER shall provide necessary information and documents in English and shall extend all possible help for the purpose of such examination.

10. Law and Place of Jurisdiction

This Pact is subject to Indian Law.' The place of performance and jurisdiction is the seat of the 'BUYER/EMPLOYER'.

11. Other Legal Actions

The actions stipulated in this Integrity Pact are without prejudice to any other legal action that may follow in accordance with the provisions of the extant law in force relating to any civil or criminal proceedings.

12. Validity

12.1 The validity of this Integrity Pact shall be from date of its signing and extend upto 5 years or the complete execution of the contract to the satisfaction of both the 'BUYER/EMPLOYER' and the BIDDER, including warranty period, whichever is later. In case BIDDER is unsuccessful, this Integrity Pact shall expire after six months from the date of the signing of the contract.

12.2 Should one or several provisions of this Pact turn out to be invalid, the remainder of this Pact shall remain valid. In this case, the parties will strive to come to an agreement to their original intentions.

12.3 If the BIDDER is a partnership or a consortium, this agreement must be signed by all partners or consortium members.

SETTLEMENT OF DISPUTES:**1. AMICABLE SETTLEMENT/ CONCILIATION AND SETTLEMENT COMMITTEE**

Disputes of any kind arising between the Board of NMPA and the Contractor in connection with, or arising out of the Contract or the execution of the contract whether during the execution of the contract or after the completion and whether before or after repudiation or termination of the Contract, including any dispute as to any opinion, decision, instruction, determination, certificate, payment, or valuation under the contract, the matter in dispute shall in the first place, be referred in writing to the Secretary NMPA or his nominee/representative and an attempt shall first be made by all the parties to settle such disputes amicably by serving a copy of such reference in writing to the other party and such reference shall state that it is made pursuant to this clause.

If the Contractor believes that a decision taken by the Secretary or Secretary's Representative was either outside the authority given to the Secretary or Secretary's Representative by the Contract or that the decision was wrongly taken or there is no decision within a calendar month, the decision shall be referred to the Conciliation Settlement Committee (CSC) to be Constituted by the Indian Ports Association as per the guidelines dated 24.09.2021 within 30 days of the notification of the Secretary or Secretary's Representative decision or upon expiry of a calendar month as the case may be.

Unless the Contract has already been repudiated or terminated, the Contractor shall, in every case, continue to proceed with the Works with all due diligence and the Contractor and the Principal Employer shall give effect forthwith to every such decision of the Secretary unless and until the same shall be revised, as hereinafter provided, in a CSC or an arbitral award.

Provided that, unless the parties otherwise, have exhausted the above remedies under the amicable Settlement proviso and the CSC, the parties shall not invoke arbitration before the expiry of Thirty days after the day on which the notice of failure to settle such dispute was given by the CSC.

2. PROCEDURE OF ARBITRATION:

Except where otherwise provided for in the contract, all questions and disputes relating to the meaning of the words, terms, specifications, operations, and instructions, mentioned in this contract and as to the quality of workmanship or performance of handling and any other question, claim, right, matter or thing whatsoever in any way arising out of or relating to the contract, specifications, operating instructions, orders or these conditions; or otherwise

concerning the transport and handling operations, the execution or failure to execute the same whether arising during the progress of the work or after the completion or abandonment thereof, shall be referred to a sole arbitrator to be appointed by the Tender Accepting Authority of NMPA. There will be no objection if the sole arbitrator so appointed is not ineligible for being appointed as an arbitrator under the fifth & sixth schedule of the Arbitration & conciliation Act 1996.

If the Arbitrator, to whom the matter is originally referred, is transferred or vacates his office or is unable to act for any reason, the Tender Accepting Authority of NMPA, as aforesaid at the time of such transfer, or vacation of the office or inability to act, shall appoint another person to act as Arbitrator in accordance with the terms of the contract. Such person shall be entitled to proceed with the reference from the stage, at which it was left by his predecessor.

Subject to as aforesaid, the provisions of the Arbitration and Conciliation Act 1996 and the amended provisions thereto, or any statutory modification or re-enactment thereof, and the rules made there under, and for the time being in force shall apply to the arbitration proceedings under this clause.

It is a term of the contract that the party invoking arbitration shall specify the disputes to be referred to arbitration under this clause together with the amount or amounts claimed in respect of each dispute.

The work under the contract shall, if reasonably possible, continue during the arbitration proceedings and no payment due or payable to the contractor shall be withheld on account of such arbitration proceedings.

The Arbitrator shall be deemed to have entered on the reference on the date on which he issues notices to both the parties fixing the date of the first hearing.

The Arbitrator shall have power to call for such evidence by way of affidavits or otherwise as the Arbitrator shall think proper and it shall be the duty of the parties hereto to do or cause to be done all such things as may be necessary to enable the Arbitrator to pass the award without any delay.

The Arbitrator shall give a separate award in respect of each dispute or difference referred to him. The venue of arbitration shall be at Panambur, Mangalore. The award of the Arbitrator shall be final, conclusive and binding on all parties to the contract. The Courts at Mangalore shall only have the Jurisdiction to entertain Arbitration Suits/ Arbitration Applications.

- iii. Without prejudice to clause 7 here above, in the event that any action or non-action or negligence of the Charterer shall to any extent vitiate any of the insurance herein provided, the Charterer shall pay to the Owner all losses including the "applicable deductible" under the insurances as mentioned in Box 5 and indemnify the Owner against all claims and demands which would otherwise have been covered by such insurance.
- iv. Should any additional insurance be necessary during the charter period, Charterer has to take such insurances at his own cost on the name of Owner.
- v. Any and all insurance payments shall be paid to the Owner, who shall distribute the moneys between himself and Charterer according to their respective interest. If the Vessel became an actual total loss or as constructive total loss, this charter agreement shall terminate as of the date of the event giving rise to such a loss.
- vi. War risk insurance for the Vessel is to be taken by the Owner at its expenses. In case the war risk insurance cover would be cancelled or limited by the Insurer due to increased war risk, the charter agreement shall be automatically terminated, without damages of any kind to be paid by the Owner to the Charterer.
- vii. Notwithstanding anything stated above, all the insurances shall be obtained in the name of Owner only.

12. Non-lien Assignment:

The Charterer will not suffer nor permit to be constituted any Lien or encumbrance incurred by them or their agents which might have priority over title and interest of the Owner in the Vessel. The Charterer further agrees to fasten to the Vessel in a conspicuous place and to keep so fastened during the period of Charter Party, a notice reading as follows:

"This vessel is the property of _____(Owner), it is under charter to New Mangalore

Port Authority (Charterer) and by the terms of the charter party, the Charterer does not have any right, power or authority to create, incur, or permit to be imposed on the vessel any lien or claim whatsoever.”

The Owner will indemnify and hold Charterer harmless against any lien of whatsoever nature arising upon the vessel during the charter period. Should the Vessel be arrested by reasons of claims, or liens arising out of her operation, the Owner shall at its own expense take all necessary steps to secure release of the Vessel.

13. Assignment and Sub-charterer

The Charterer will not assign this charter party nor sub-charter the Vessel without the prior written approval from the Owner, which is at Owner’s discretion. Similarly, Owner shall not charter this vessel to another party, while the Charter Agreement is in force, without the consent of Charterer and from such moment, vessel is declared as off-hire.

14. Substitute Vessel

Subject to requirement of Owner / Charterer and as per availability of other vessel of equivalent hopper capacity, the chartered vessel can be substituted or redeployed.

15. General Average Clause

Not Used

16. Both-To-Blame Collision Clause Not used

17. Taxes

Each party shall pay taxes due on its own profit, income and personnel.

Owner shall be responsible only for payment of Income Tax @ 2% or as applicable as TDS, and the same be deducted from the Owner’s invoice at the time of releasing payment.

Charterer shall pay all other taxes and dues of whatsoever nature and imposed by any Government arising out of the operation or use of the dredger during the charter period as well as any registration costs and stamp duties pertaining to this charter party.

The Owner shall pay for custom duties, all permits, import duties (including cost involved in establishing temporary or permanent importation bonds) and clearing expenses, both for entry and exit of Vessel into and from India, if deemed applicable. (Import duty on vessel not applicable as the vessel is India Flag vessel)

18. Off Hire

In the event of loss of time from deficiency and/or strike of Officers and Crew and/or the breakdown or damage to hull machinery or equipment or due to bad weather as decided by Master of the vessel (in this case Master of vessel decision is final), non-availability of vessel due to any spare/store/fuel supply etc., preventing the working of Vessel, the payment of hire

shall cease for the period of such deficiency. Delay due to underwater obstructions such as tyres/ fenders, concrete members, wires, chains, boulders, anchors, debris, etc., reasons not attributable to Owner and necessitating suspension of dredging, the period of suspension shall be paid as 'non-working/ operational chares on prorate as certified by the Charterer's representative onboard dredger as stated at Box no.6(b).

19. Under performance

- i) The daily hire charges are payable with minimum fixed production guarantee for every dredging assignment. Dredging has to be carried out as per designed depth declared by the respective port besides vertical & horizontal tolerance. Over dredging will not be entertained and the over dredged quantity shall not be considered as part of minimum daily production for payment of charter hire charges. At the end of charter period, admitted reported quantity by ports shall be divided by number of days dredger deployed (operational days) to arrive average reported quantity per day. If any shortfall is found in achieving average minimum reported / in- situ quantity fixed per day, then reduction of rate will be applied on prorate basis and charter hire charges shall be paid accordingly.
- ii) The dredger will be confirmed as 'under performing' when it is giving less than the minimum guaranteed production continuously for one week, Charterer will give notice to the Owner at the end of 7th days for rectification immediately. In case the defect is not rectified within 48 hrs, one week termination notice will be served as per Box No.11.

20. Salvage Wreck / Removal

- a. All salvage and towage under whatsoever circumstances undertaken by Owner shall be for the Owner's benefit and the cost of repairing damage occasioned thereby shall also be borne by the Owner.
- b. If the Vessel becomes a wreck or obstruction to navigation, the Owner shall raise/remove the wreck or the Vessel and shall be liable for any or all expenses in connection with the raising, removal, destruction, lighting or marking of the wreck without any recourse whatsoever against the Charterer unless such wreckage, stranding or sinking is a result of the following of Charterer's Orders related to available navigational depths.

21. Sunken Equipment:

- 21.1 If any equipment (floating or otherwise) belonging to the Owner or Sub-Owner or any material or things therein or thereafter sink from any cause whatsoever, it shall immediately be reported by the Owner to the Charterer & Port Authority and Owner shall forthwith at his own cost raise and remove any such equipment, material or things or otherwise deal with the same as Port/ Charterer may direct.

- 21.2 The fact that the sunken equipment, material, or things are insured or have been declared a total loss or do not represent any further value shall not absolve the Owner from his obligations under this clause to raise and remove the same.
- 21.3 Until such sunken equipment, material or things have been raised and removed, the Owner shall set such buoys and display at night such lights and do all such things for the safety as may be required by the Competent Authority/ Port/ Charterer.
- 21.4 In the event of the Owner not carrying out the obligations imposed upon him by this Clause, the port/ Charterer may cause to set buoys and display at night lights on such equipment and raise and remove the same without prejudice to the right of the port/ Charterer to hold the Owner liable and all expenses and consequences thereon and incidental there to shall be borne by the Owner and shall be recoverable from him as a debt by the port/ Charterer or maybe deducted by the port/ Charterer from any money due or which may be come due to the Owner.

22. Health and Safety

The Crew of Owner shall comply with and adhere to all applicable, national and local regulations pertaining to health and safety and to such Charterer instructions as may be appended hereto.

23. Force majeure

Neither the Owner nor the Charterer shall be liable for any loss, damages or delay or failure in performance hereunder resulting from any force majeure event, including but not limited to Acts of God, Fire, action of the elements, epidemics, pandemics, war (declared or undeclared), war like actions, insurrections, revolution or civil strife, piracy, civil war or hostile action, strikes, or differences with workmen (except for disputes relating solely to Owner or the Charterer employees), Act of the Public enemy, federal or State Laws, Rules and Regulations of any governmental authorities having or asserting jurisdiction or of any other group, organization or informal association (whether or not formally recognized as a Government), and any other cause beyond the reasonable control of either party which makes continuance of operations impossible. In case of force majeure, each party may terminate the charter hire agreement without being liable to pay damages to the other party.

24. Confidentiality

All information or data obtained by the Owner in the performance of this Charter Party shall be the property of the Charterer (NMPA) and is deemed confidential. The Owner shall not disclose such information or data without the prior written consent of the Charterer. The Owner shall use its best efforts to ensure that the Owner, its sub-Owners, employees, and agents do not

disclose any such information or data, except as required by law or regulatory authorities

25. Law and Arbitration:

All disputes arising out or under this agreement will be subject to the exclusive jurisdiction of the Courts at Mangalore only.

Any dispute of whatever nature arising out of or in connection with this agreement including any question regarding its existence, validity or termination shall be first resolved amicably by both parties. Notice of any dispute between the parties must be communicated in writing.

In the event of any dispute or difference of any kind or whatsoever that shall arise between the Owner and Charterer in connection directly or indirectly arising out of the agreement, the parties shall make every effort to resolve amicably such dispute or difference by mutual consultation between the executives or authorized representatives.

If, after thirty (30) days, the parties have failed to resolve their dispute or difference by such mutual consultation, then either Owner or Charterer may give notice to the other party of its intention to commence arbitration/ mediation, as hereinafter provided, as to the matter in dispute, and no arbitration in respect of this matter may be commenced unless such notice is given and the disputes herein shall be settled by arbitration or mediation under the provisions of Indian Arbitration and Conciliation Act-1996. Parties may also exercise an option for mediation that shall be effective and efficient prior invoking the arbitration clause.

Any dispute or difference in respect of which a notice of intention to commence arbitration has been given in accordance with this Clause shall be finally settled by arbitration. Arbitration may be commenced prior to providing of the services or after providing the services under the Agreement.

Notwithstanding any reference to arbitration herein,

- a. The parties shall continue to perform their respective obligations under the agreement unless they otherwise agree; and
- b. Owner shall pay the Charterer any monies due under the agreement.

Signatories of this charter party can represent a matter with regard to the charter party to the Independent External Monitors (IEMs) under the Integrity Pact Provisions. Firms signing the Integrity Pact shall not approach for Negotiation/ Conciliation/ Arbitration/ Adjudication while representing matters to the IEMs and the firm will await their decision in the matter.

26. Entire Agreement:

This is the entire agreement of the parties, which supersedes all previous written or oral understandings and which may not be modified except by a written amendment signed by both parties.

27. Severability Clause:

If any portion of this Charter Party is held to be invalid, illegal, or unenforceable for any reason by a court, governmental authority of competent jurisdiction, or arbitral tribunal, such portion shall be deemed severed, and the remainder of this Charter Party shall remain in full force and effect. In the event that any stricken portion affects the Charterer's rights or obligations, the parties shall negotiate in good faith to amend the Charter Party in a manner that preserves the Charterer's rights to the fullest extent permitted by law."

28. Demise:

Nothing contained herein shall be construed as creating a demise or transfer of ownership or possession of the Vessel to the Charterer. The Owner retains full control and possession of the Vessel, subject only to the Charterer's rights under this Charter Party.

1. PROJECT AND SITE INFORMATION

Location

The Port of New Mangalore is situated at latitude 12° 55' 06.2" North and longitude 74° 46' 17.6". East on the South-West coast of India is a major artificial Harbour. The location of New Mangalore Port is shown in the drawing.

2. PROJECT BACKGROUND

New Mangalore Port intends to carryout Monsoon maintenance dredging of its approach channel, lagoon and alongside berths for the years 2025-26. Monsoon Dredging is carried out for a period of 12 days during the month of July / August 2025 by deploying TSHD.

3. SITE INFORMATION

3.1 Tides

The tidal particulars in the New Mangalore Port are as follows:

Higher high water springs	-	+ 1.68 m	Chart Datum
Mean higher high water	-	+ 1.48 m	-do-
Mean lower high water	-	+ 1.26 m	-do-
Mean Sea level	-	+ 0.95 m	-do-
Mean lower low water	-	+ 0.26 m	-do-
Lower low water springs	-	+ 0.03 m	-do-

As solstices

The Chart Datum at New Mangalore Port is 0.97 m below Mean Sea Level.

3.2 Wind

The Winds in Mangalore area in the monsoon months of June, July and August are predominantly from South-West and West with a maximum intensity of force 5 on the Beauport Scale. The winds in the remaining months of the year predominantly from the North West and the maximum intensity during this period is also 5 in the Beauport Scale.

3.3 Waves

The predominant direction of waves at open sea in the vicinity of Mangalore Port during the monsoon months of June, July and August is West and South-West whereas the predominant direction during the fair months is north-west and north. Analysis of the data collected from ships in and around Mangalore revealed that 0.4% of the waves have a height of 4.9 meters above. The wave heights in the non-monsoon months are much less.

Inside the harbour, generally clam conditions prevail throughout the year as is well protected from outside waves by Long Breakwater on either side of the Outer Approach Channel

3.4 Humidity

The humidity is high through out the year. From June to September during monsoon the humidity ranges from 90 to 100%. From October to January it comes down to 50 to 70%. During summer months of February to May average humidity is about 60%

3.5 Visibility

Generally visibility is excellent except for a few days during monsoon.

3.6 Rainfall

The climate is characterized by dry and wet seasons. The wet season starts in later May and ends in November. The major monsoon is south west monsoon which lasts from June to September. This is followed by North East Monsoon during October and November. The average annual rainfall is about 3330 mm, a major portion of which falls down during south-west monsoon.

3.7 Air Temperature

Mangalore experiences moderate temperature through out the year. The temperature varies from 22°C to 36°C. The low temperature occurs during south west monsoon December and January. The hot months are from March to May.

4. Water Currents

The currents along the coast during south-west monsoon (from February to September) is in general towards south (from 160° to 200° bearing). During the North-East monsoon (from November to January) the currents in general are towards north (from 0° to 40° and 320° to 360° bearing). In the approach channel region covered by breakwater, the current direction lags 60 to 80 behind the coastal currents. The current in the lagoon area further lags behind the approach channel current by another 6°. The subsurface current on an average leads the surface current by 10° to 15°.

The magnitude of the current outside the lagoon area during the monsoon season is about 1 to 1.5 knots has been experienced by pilots.

5. Sediments

The bed materials in the Outer Approach Channel and lagoon mainly consists of very fine silt and a small percentage of clay and fine sand.

6. Scope of work and payments

Maintenance Dredging during Monsoon (July/August) on Day Rate Basis by deploying Traylor Suction Hopper Dredger of hopper capacity not less than 6000 Cum and to be dredged the materials (sediments / solids comprising of silt/sand/clay) @ 67000 Cum (Minimum) per day in Zone III of Outer Approach channel and adjoining part of lagoon, Zone-IV including Old Dock Arm in all types of soil from the existing levels upto the depth desired by the port at the time of dredging

the area, upto minimum 5 mts. away from Fender Face of the berth(s), including Fuel escalation, Mobilisation & De-mobilisation charges for TSHD including Survey launch, routine boat and hire charges of all plant & equipment, cost of labour, materials and consumables etc., and transporting and dumping the contour in the Centre line of the Outer Approach Channel

The following formula will be adopted for hopper measurement of materials in Trailer Suction Hopper Dredger

Volume of solid= $VM = TDM / SM$.

$TDM = (SN - SW) \times VT \times SM$ (SM–SW)

Where TDM =Tonnes of dry material

SN =Average density of the wet load= GT/VT

VT =The total volume of the load just before dumping

GT = The total weight of the load is the net hopper load after subtracting load just before dredging TDS from total hopper load just before dumping

Reading of DLM (Draft load monitor) before dumping shall compare with draft page of DLM as per hydrostatic table. DLM load reading or draft displacement as per Hydrostatic table before dumping whichever is minimum shall be considered as Net hopper load

SM=Bulk Wet density of dredged materials

Reduction of rate will be applied on pro-rata basis for short fall in specified minimum quantity dredged and charter hire charges shall be paid accordingly.

If the dredger works for less than 24 hrs and complies with minimum fixed production per day, then hire charges per day for operational hours on pro-rata will be paid.

7. Acceptance (deleted)

8. Break down of Positioning System

The Contractor shall inform the Engineer forthwith of any break down, irregularities or otherwise, affecting the positioning of his dredger, vessels or other equipment.

Delay incurred in the dredging operation due to malfunctioning of Electronic Positioning System shall not be reimbursed under the Contract.

9. Lighting and marking of channel

The Employer shall, endeavor to provide and maintain all channel buoys and navigational lights. However in case of any failure, dredger is expected to navigate and dredge on its Electronic position fixing system and radar. No claim from the Contractor shall be entertained by the Employer for failures to provide and maintain channel buoys and navigational lights etc., nor is the Contractor entitled to any such compensation.

10. Monitoring of the Dredging Process

For the purpose of progress control and verification of operations, continuous monitoring and recording of the major items of the dredging process shall be required the Contract shall provide at his own expense, the Electronic Positioning System and control systems including necessary instrumentation, sensors, calibrations, data storage and display and shall ensure the continuous satisfactory operations thereof

10.1 Draft Loading Monitor (DLM) Tests : The draft loading monitoring tests are to be conducted by the contractor as required duly certified by the third party

11. Daily Dredging Reports

The load (weight) and volume of dredge mix of each hopper load shall be entered in the daily dredging reports and signed jointly by the Engineer and the Contractor and submit it to the Engineer in duplicate. Daily Dredging Reports shall include the track record showing the position, time and track where the dredger took various loads. The daily dredging reports without the signature of Engineer's representatives will be rejected.

12. Disposal of dredged material

All the material dredged under this Contract shall be disposed off only in such manner as directed by the Employer. The dredged material to be dumped at the designated dumping area which is about 7 km. in the North - west direction from the point of intersection of center line of the outer approach channel with (-) 15.40 m.C.D. contour. The material has to be dumped in the dumping area where the depth is about (-)20.0 m.C.D or more, spreading evenly over an area of about 1.0 x 1.0 sq. Km.

The Contractor shall ensure that no dredged material is dumped outside the limits of the dumping area. In case of dumping by the Contractor at unauthorized places such quantities so dumped and as assessed by the Employer shall not be paid for. The cost of disposal of dredged material shall be deemed to have been included in the unit rates of dredging.

13. Cost of Samples

All the samples shall be taken and supplied by the contractor at his own cost as per the directions of the Engineer in charge and the testing charges (from outside Laboratory) shall be borne by the Charterer.

14. Departmental supervision

The expense towards Departmental supervision shall be borne by the Employer. Essential facilities like boarding and accommodation etc. on board the dredger and boat transport for Engineer's representatives as per the shift timings of Port representatives and the Life jacket with necessary safety equipment should be provided by the Contractor to the Port representatives,

boarding the dredger including pilot shall be provided by the Contractor at his cost. The pick-up point for the Engineer's representatives may be at general cargo berth nos. 1 or 2. The regular supervisory staff of the Engineer apart from Pilot will consist of an Engineer responsible for monitoring the dredging work who will be posted on the dredger on a 24 hrs. basis if required. Separate accommodation shall be provided for the Engineer's representatives. Senior Officers like Chief Engineer, Deputy Conservator, Superintending Engineer, Executive Engineer etc. may make visit on board the dredger as desired by them.

15. Working time

The Contractor is free to work throughout day and night and even on holidays.

16. Access to Works, Plants etc.

The Employer or his representatives shall have at all times access to the Contractor's equipment's, floating crafts, plants, works in progress etc., and the Contractor shall provide necessary water transport facilities at his own cost for them from the water front to above mentioned places.

17. Inspection

A launch shall be made available at site for the Employer or his authorised representatives to access the Dredger for inspection of the dredging works in progress.

18. Disposal Tolerances

All dredged material shall be dumped within the specified limits of the sea disposal area as indicated in the tender.

Should dredged material be dumped outside of the specified limits, the Contractor shall follow the instructions of the Engineer's Representative to rectify the matter at no extra cost to the Employer. The Contractor shall mark the limits of the area(s) indicated with suitable buoys and shall carry out the dumping as per the instruction of Engineer.

19. Plant and Equipment

The Contractor shall not change the type, number, size and make of dredgers indicated in the contract without written approval of the Engineer. If the dredger goes out of order, the Contractor should arrange for replacement of the same with an equivalent capacity suitable dredger will be prior approval of Engineer. This shall not relieve Contractor from obligations under other clauses of contract. No additional cost and time will be allowed. The Contractor shall be responsible for obtaining specific approvals and for the payment of any fees relating to the execution of the works and to the process adopted by the Contractor, eg. right of way for discharge pipes, temporary works for pump out points, discharge licences and local authority approvals.

20. Navigation

a. General

The dredger and other plant, including all stakes, buoys and pipeline used by the Contractor, shall display the correct navigation signals and shall be clearly marked and lit at night to the satisfaction of the Harbour Master.

b. Temporary Lights

The Contractor shall provide such temporary navigation lights and floating buoys on all plant, anchor ropes and works as may be required by the Harbour Master.

c. Minimum Interference with Navigation

In cases of works that involve disruption to any shipping that will be using the harbour/ channel/ wharf, all works shall be carried out with minimum interference to navigation and in accordance with the directions of the Harbour Master.

d. Navigation Requirement

Dredging shall be organized so that dredging plant is so positioned as to allow the normal passage of vessels to the satisfaction of the Harbour Master.

Navigation signals, lights and warning markers shall be provided and maintained on floating plant, submerged pipelines, anchors and any other equipment placed by the Contractor to the satisfaction of the Harbour Master. Any floating pipeline shall be controlled to ensure the least obstruction to the movement of vessels.

The Contractor shall prior to the establishment of plant on site notify the Harbour Master and the Engineer of his proposed programme and methods. The Contractor shall be responsible for providing the Harbour Master and Engineer with details of any changes to the programme and methods, after approval by the Engineer.

e. Oil Spillage

Oil spill response equipment shall be provided on the Site in sufficient quantity to cope with the maximum fuel load of the dredging equipment and associated plant.

f. Diving

Should any diving work be carried out during the Contract, this shall be in accordance with the requirements of New Mangalore Port Authority and Statutory Authorities. The cost of this diving works will be borne by the contractor.

21. Traffic

The Contractor shall at all times observe and comply with all laws including regulations that are relating to navigation's, maneouring and anchoring of his floating craft being used, through out the Works. The Contractor shall follow instruction in this regard given by the Employer. The Contractor shall carryout his work strictly in a manner we shall not obstruct or endanger the normal use of water ways, anchorages, wharves and approaches there to, whether in the possession of the

Employer, or any other persons. The priority of navigation's within the Port limits shall always be at the discretion of the Employer and will not be responsible for any inconvenience, loss or delays to the Contractor arising due to the priority not being given to their floating crafts by the Port and no claims shall be entertained due to delays occurring because of such restriction. There won't be any interference of traffic by SMB operation, in case of any interference the dredger should coordinate with the Port.

22. Contractor's Responsibility for equipment

The Contractors shall be responsible for the provision of all equipment and crafts necessary for the satisfactory execution and completion of the dredging work and surveys for measurements. The Contractor shall employ competent persons with adequate qualifications and experience in dredging to take charge of and maintain in good working order all dredger(s) and other craft employed on the Work. The Contractor shall also collect samples of dredged materials at intervals directed by the Engineer and get the same tested at approved laboratories at his own cost. The Contractor shall extend full co-operations and facilities required to the Employer to carry out monitoring research of the dredging process from time to time free of cost.

- iii) General Conditions of Contract
- iv) Technical Specifications
- v) Additional Conditions of Contract**
- vi) Appendix to Tender
- vii) Drawings

Volume II

- i) Form of Bid
- ii) Bill of Quantities

vi) SPECIAL CONDITIONS OF CONTRACT (SCC)

The following Special Conditions of Contract shall supplement the General Conditions of Contract. Whenever there is a conflict, the provisions herein shall prevail over those in the General Conditions of Contract. The corresponding clause number of the General Conditions is indicated in parentheses.

1. SCOPE OF WORK:

- 1.1 The New Mangalore Port intends New Mangalore Port intends to carryout Monsoon maintenance dredging of its approach channel, lagoon and alongside berths for the years 2025-26. Monsoon Dredging is carried out for a period of 12 days during the month of July / August 2025 by deploying TSHD of not less than 6,000 cum and above hopper capacity on Day hire basis for Maintenance dredging at New Mangalore Port as per requirement on in situ basis. The berth face dredging may be carried out through Grab/ bucket/ WID/CSD of any suitable dredger
- 1.2 The time dredger leaves for maintenance, repairs, bunkering, for statutory audit compliance etc., shall be considered as off hire, and shall be on hire upon re-commencement of dredging. No charges are payable for any off hire period.
- 1.6 The charter period of 12 days is extendable at the discretion of charterer.
- 1.7 Minimum quantity per day as shown in BOQ shall be achieved by the dredger. Accordingly, the dredging of 8,04,000 Cum quantity at NMPA shall be completed in 12 operational days with in the contract period of 14 days. Dredger shall work at least 6 days in a week. In addition to the above quantity, the owner has to dredge extra silted quantity (if any) due to cycle / depression / bad weather as per the instructions of Port to maintain the required depth.
- 1.8 The daily hire charges are payable with minimum fixed production guarantee per day for every dredging assignment. Dredging has to be carried out as per designed depth declared by the port besides vertical & horizontal tolerance. Over dredging will not be entertained and the over dredged quantity shall not be considered as part of minimum daily production for payment of charter hire charges. Admitted hopper quantity by ports as per Daily dredging report after applying actual Bulk density report / monthly progressive survey shall be divided into number of days dredger deployed to arrive average reported quantity per day. If any shortfall is found in achieving average minimum reported quantity fixed per day, then reduction of rate will be applied on prorata basis for the stipulated 12 operational days and charter hire charges shall be paid accordingly.

- 1.9 If the dredger works for less than 24 hrs and complies with minimum fixed production per day, then hire charges per day as per BOQ -1(a) for operational hours prorate will be paid. And if any idle time, the charges as per BOQ -1(b) on prorate.
- 1.10 If, the dredger works for less than 24 hrs and not complies with minimum fixed production per day, then hire charges per day as per BOQ -1(a) for operational hours prorate will be paid by deducting the short fall qty as prorate. And if any idle time, the charges as per BOQ -2 on prorate.
- 1.11 There are on an average of 12 to 14 shipping movements carried out in a day, which uses entrance channel and approach channel. The Dredger will be allowed for one hour dredging in the channel in between shipping movements. Accordingly dredger will follow the incoming & outgoing vessels and carried out dredging in priority dredging area as per requirement.
- 1.12 The TSHD deployed shall be suitable to carry out dredging at the proposed site in New Mangalore Port waters which are exposed to sea and swell conditions in monsoon months/off-monsoon months.
- 1.13 The TSHD proposed to deploy should have twin screw, preferably two (02) suction pipes of capable of dredging to a depth equal to the design depth plus 4 metres, draft suitable for dredging effectively at the site, high manoeuvrability capacity at lesser speeds, bow thrusters, adequate engine power for positioning herself in all the dredging grounds, which is exposed to sea swell conditions, jet pumps for dislodging the seabed material if required, etc.
- 1.14 The TSHD proposed to be deployed should preferably be equipped with dredging instrumentations like production meter, drag head level indicator, jet pumps indicator, Draft Loading Monitor Indicator with paper chart, Echo-sounder, DGPS position fixing for display recording the dredging track, Dredging software like Hypack or equivalent, etc. in working condition, for effective dredging works. The Owner shall make arrangements to monitor and to submit daily production to the Employer.
- 1.15 All above machineries to be maintained in good operational condition throughout the contract period.
- 1.16 It should have jet pumps in good condition to produce minimum jet pressure of 6 bars for Maintenance Dredging during the dredging of above areas.
- 1.17 It should have the capability to maintain an average speed of 8 knots.

- 1.18 Draught and Loading Monitor (DLM) software shall display draft, displacement & Hopper - volume of the vessel just before dredging, after dredging & also just before dumping as per Draft Displacement of Hydrostatic table.
- 1.19 The load and draft indicators shall be inspected and certified by a Classification Society being a member of International Association of Classification Societies (IACS). The certificate issue date should be within a year's period or the certificate needs to be renewed annually. The DLM Certificate of the proposed dredger(s) to be submitted along with the bid. Date of DLM Calibration Certificate shall be within one year prior to last date of bid submission and same to be renewed from time to time till contract completion. However, the DLM Calibration Certificate should not be more than one year older.
- 1.20 It should have efficient de-hoppering / dewatering system. De-hoppering shall be carried out before dredging in each load.
- 1.21 Bow Thrusters (independent of dredging system) and average speed of 8.0 Knots should be certified by a Classification Society being a member of IACS. The certificate issue date should be within one month before the deployment of the Dredger.
- 1.22 Successful bidder must provide online system to provide a system taking advantage of internet mapping and web services technology to publish data dynamically to enable visualization of dredging monitoring data online. The system should be capable to ingest on board dredging progress report on daily basis, visualization of daily and monthly progress, dredger performance and down time monitoring and location track data with snap shot on loading, unloading and ideal time.
- 1.23 Above requirements projected are indicative only and Owner shall ensure that required equipment/arrangement shall be available as necessitated for carrying out & completing the maintenance dredging.
- 1.24 All the allied crafts, plants and machinery deployed by the Owner shall strictly adhere to the relevant IMO regulations, MARPOL convention 73/78 and other statutory regulations.
- 1.25 All crafts, plants and machinery should have valid insurances as per statutory norms and Owner to indemnify Charterer (NMPA) from any damages, losses to NMPA property.
- 1.26 The Allied Crafts proposed for deployment should follow New Mangalore Port port rules and regulations.

- 1.27 Adequate radio/ VHF communication system, all statutory requirements such as lifesaving appliances, fire-fighting appliances etc. as per relevant rules should be available onboard at any given time.
- 1.28 Owner shall arrange food & accommodation on-board dredger(s) for up to 2 representatives of NMPA for monitoring the dredging activities during the entire contract period, including extension if any, at no extra cost.
- 1.29 Customs Duty: The Owner will have bear all customs duties in case of the dredger, plant & machineries for the work are required to be imported.
- 1.30 Licenses, permits and permissions: It shall be the responsibility of the dredging Owner to obtain all licenses, permits and permissions for the use of survey boats, marine radios, walkie-talkies, radio positioning systems, satellite phones for the placing of onshore, off-shore and underwater beacons and marker buoys, and for giving the proper statutory notices for all maritime operators. The costs of such licenses, permits and notices are to be borne by the dredging Owner, and shall be deemed to be covered by the rates and prices quoted in the Tender.
- 1.31 Formula for Hopper Quantity Measurement:

The following formula will be adopted for hopper measurement of materials in Trailer

Suction Hopper Dredger

Volume of solid= $VM = TDM / SM$.

$$TDM = \frac{(SN-SW) \times VT \times SM}{(SM-SW)}$$

Where TDM = Tonnes of dry material

SN = Average density of the wet load = GT/VT

VT = The total volume of the load just before dumping

= The total weight of the load is the net hopper load after subtracting

GT load just

before dredging TDS from total hopper load just before dumping.

Reading of DLM (Draft load monitor) before dumping shall compare with draft page of DLM as per hydrostatic table. DLM load reading or draft displacement as per Hydrostatic table before dumping whichever is minimum shall be considered as Net hopper load.

SM = Bulk Wet density of dredged materials.

- 1.32 DLM Load graph of each load before dumping, before dredging, after dredging &

draft displacement page before dumping shall be printed and signed by the Master & on-board Port & Charterer representatives. Daily dredging report signed by the Charterer, Port representative & Master of Vessel shall be produced by the Owner next day. Duplicate copy shall be attached with the bill for making payment. Dredging Track record shall be printed for each load and submit by the Owner next day along with daily dredging report as and when required. If any variation in physical draft & DLM draft is observed then recalibration is to be carried out.

1.33 Currency of Payment: All payments shall be made in Indian Rupees only.

1.34 Non-working period: "Non-working period" charges as at BOQ Item No.2 shall be payable for stoppage of dredger for the following reasons: -

- a) Dredging operations suspended with the written instructions of Charterer (NMPA)/ Port Authorities.
- b) Suspension of dredging due to bad weather period not amenable for dredging by TSHD.
- c) Delays due to Under water obstructions such as tyres/fenders, concrete members, wires, chains, boulders, anchors, debris etc., will be paid as non-operational charges prorated to be certified by NMPA representative onboard.
- d) Due to Force majeure conditions

However, the Non-working period charges for the above shall be payable as per Box 6(b) only on concurrence from Port/NMPA authorities.

2. PERFORMANCE SECURITY DEPOSIT :

FINANCIAL BID

INDEX – Vol. II

SL. NO.	DESCRIPTION	PAGE NO.
1	PREAMBLE TO BILL OF QUANTITIES	132 - 137
2	BILL OF QUANTITIES	138 - 139
3	FORM OF BID	140 - 142

PREAMBLE TO BILL OF QUANTITIES

1. The Bill Of Quantities

The Bill of Quantities comprises the Preamble, the Bill

2. The Quantities

The quantities given in the Bill of Quantities are estimated and are given to provide a common basis for tendering. The basis of payment will be the actual quantities of work ordered and carried out, as measured by the Contractor and verified by the Engineer and valued at the rates and prices bid in the priced Bill of Quantities, where applicable, and otherwise at such rates and prices as the Engineer may fix within the terms of the Contract.

3. Method of Measurement

The works as executed subject to the tolerance mentioned will be measured for payment in accordance with the method specified under the items as therein set forth notwithstanding any custom to the contrary. The net measurement of the finished work in place will always be taken and, except where otherwise stated or separate items are provided, no allowance will be made for waste such similar items etc. Interim certificates shall also be issued based on survey carried out in the particular area.

Unless otherwise mentioned in the description of the item, this bill of quantities shall be applicable for work in any depth, height, position or condition.

4. Rates And Prices

The rates and prices in the Bill of Quantities shall, except where otherwise provided in the Contract, cover all obligations of the Contractor under the Contract and all matters and things necessary for the proper completion and maintenance of the works. The Bidder shall not modify the items given in Bill of Quantities.

5. **ARITHMETICAL ERRORS (deleted)**
6. **Reference**

Descriptions given in this Section are brief references only and the Tenderer is referred to the Conditions of Tender / Contract, Scope of Work and Specifications for the full descriptions and instructions. The clauses of the Conditions of Tender / Contract and of the Specification will be equally binding as if they had been fully repeated in the Bill of Quantities and the Contractor must allow for this in his prices. Furthermore, the clause numbers when quoted are for reference only and are not guaranteed as comprising of the whole of the relevant descriptions or instructions. The cost of complying with all conditions, obligations and liabilities described in the Conditions of Tender / Contract and Specification and carrying out the work as shown in the Drawings will be deemed to be spread over and included in the prices stated in the Bill of Quantities unless expressly the subject of a specific item.

7. **Prices Also Deemed To Include**

Rates shall be comprehensive and all inclusive for inter-alia:

- a) All obligations imposed by the Contract
- b) Complying in every respect with the requirements and the considerations of the specifications and drawings.
- c) All considerations arising from the definitions incorporated into each preamble section.
- d) Labour for fixing and all associated costs.
- e) Materials and goods and all associated costs.
- f) Fitting and/or fixing materials and goods in any position, hoisting to any height/depth, temporary storage.
- g) All plant, equipment and tools etc.
- h) Any additional labours associated with measured items.
- i) All survey work and investigations.

All measurements are net and the rates shall include for all items connected, with the trade or traditional allowances. Where the work "allow" is used the cost of the items shall be the responsibility of the Tenderer.

Certain sections of the works which are dependent upon site conditions may not represent the eventual extent of the works to be executed and may be subject to complete re-measurement. The Contractor shall carryout additional quantity of dredging if any, required to meet the obligations under this Contract at the same quoted rates as per respective Bills.

The contractor should leave the whole of the works ready for immediate occupation to the satisfaction of the Engineer including removal of rubbish, debris or excess spoil from the site area and taking over and cleaning all unused parts of the site area.

8.0 Constructional Plant and Equipment

The rates entered in the Bill of Quantities shall include all costs incurred in the provision, transportation to site, testing, licensing, complying with relevant regulations, setting to work, operation including all fuel and consumable stores, maintenance, and removal from the Site upon completion of the Works.

9.0 Rates and Sums to be for Works Complete

Notwithstanding any limits which may be implied by the wording of the individual items and/or the definitions in this Preamble, it is to be clearly understood by the Tenderer that the rates and sums which he enters in the Bill of Quantities are to be for the work finished complete in every respect and he will be deemed to have taken full account of all requirements and obligations, whether expressed or implied, covered by all parts of this Contract and to have priced the items herein accordingly. The rates and sums must therefore include for all incidental and contingent expenses and risks of every kind necessary to construct, complete and maintain the whole of the Works in accordance with the Contract.

No claim will be considered for further payment in respect of any work or method of execution which may be described in the Contract or is inherent in the execution of the work and detailed in the Drawings on account of (a) items having been

omitted from the Bill of Quantities or (b) any preamble or (c) no mention of such work or method of execution having been made in the Preamble.

Items against which no rate or sum is entered by the Tenderer, whether quantities are stated or not will be regarded as covered by other rates in the Bill of Quantities.

10.0 Payment of Lump Sums For Permanent Work

Interim payment of money under items of permanent work as lump sums will be made on the basis of the estimated percentage completion of the work covered by such items at the time to which interim measurement relates.

11.0 Payment for Dredging

The unit rates and the prices shall be quoted by the bidder entirely in Indian National Rupees (INR).

12.0 Over Dredging

Payment for dredging below the specified dredging levels shall be made in accordance with the tolerances given in the specification.

The Contractor shall bear the cost of any remedial measures ordered by the Engineer in areas where over-dredging is not acceptable.

13.0 Mobilisation and Demobilisation

Mobilization and demobilization of specific types of plant shall include all ancillary and associated equipment, personnel etc. to enable the plant to operate in productive manner on the site. In case additional plant and personnel beyond those included in BOQ have to be mobilized to site for successful completion of the project in scheduled time as decided by the Engineer, the same shall be done by the contractor at no extra cost including demobilization.

14.0 Protection of Works and Cleaning Up on Completion

The Tenderer shall allow in his rates for protecting existing conditions and completed works from damage, making good all damage due to any cause whatsoever, for clearing away rubbish as it accumulates and leaving the site and buildings in a tidy condition to the satisfaction of the Engineer.

15.0 Existing Services And Installations

The rates entered by the Tenderer in the Bill of Quantities will be deemed to allow for any additional costs incurred in working adjacent to or across existing services and installations which serve the Engineer at present.

16.0 Rates And Sums To Bear Proper Relation To Work Described

The rates and sums entered by the Tenderer against all items in the Bill of Quantities must bear a proper relationship to the cost of carrying out the work described in the Contract. All prices and similar charges which are applicable to the Contract as a whole are to be spread over all the rates in the Bill of Quantities, whilst those which apply to particular sections of the Contract are to be spread only over the items to which those sections refer.

17.0 Underwater and Tidal Works

The Contractor shall be deemed to have ascertained for himself the extent to which the work has to be carried out underwater or in the tidal conditions, and his rates and prices shall include for all costs and prices arising out of such working.

18.0 Interruption to Work

Payment will be made for standing time occasioned by interruptions to work due to maritime traffic or other reasons beyond the contractors control as stated in the specifications subject to the agreement of the Engineer.

Rate of standing time shall be deemed to include for all associated and ancillary plant related to the activities of the major unit of plant which have been delayed. Delay periods will be based on actual length of time of the delay and any consequential loss of time taking account of the normal

working method of the unit of plant which has been delayed.
