TRADE NOTICE

Sub: Capturing the attendance of the workmen deployed by using the RFID readers – Reg.

As per the decisions taken in the 110th Port Safety Committee Meeting, it was mandated that as per the dock Worker's Safety Health and Welfare Regulations 1990, necessary recording of Dock Workers including Casual and Private Workers engaged by the Stevedores should be done. In this regard, NMPA has installed two fixed RFID readers near Berth No. 02 and 03 for capturing the details of workers engaged by the Stevedoring and Shore Handling Agents.

In order to capture the attendance of the workers, the Stevedoring and Shore Handling agents of the Port are hereby directed to advice the workers deployed by them for cargo handling operations to punch their RFID man cards at the RFID readers installed near Berth No 02 and 03. This has to be ensured in the beginning of every shift.

For strict Compliance.
